Quilt Walk Memorial Park

Panguitch, Utah

If it wasn't for an innovative use of quilts during a crisis, the city of Panguitch might not exist today.

THE WINTER OF 1864 WAS a particularly brutal one, and it hit the town of Panguitch, [Utah](#) (then called Fairview) hard. Food supplies were dwindling to dangerously low levels when town leaders decided to take extraordinary measures to save the community from potential starvation.

Two rescue parties we sent out to seek food supplies from other “nearby” rural communities in Utah. One party attempted to travel 110 miles north to Gunnison, while the other would have to trek 40 miles west over the mountains to Parowan. The group traveling north were quickly impeded by harsh weather conditions and had to turn back. Meanwhile, the 7 rescuers who trekked west over the mountains eventually had to give up their oxen team and wagon to travel through deep drifts of snow on foot.

As they were struggling, the rescuers stopped to pray for guidance. While doing so they knelt on the quilts and blankets that had been provided for warmth. As they did this, the group realized they were not sinking into the snow while kneeling. This gave them the idea of using their supply of quilts and blankets as a way to travel across the snowfields on foot without exhausting themselves. Essentially, the quilts became snowshoes. The rescue party was able to secure enough food and provisions to supply the town for the rest of winter and deliver it safely back home.

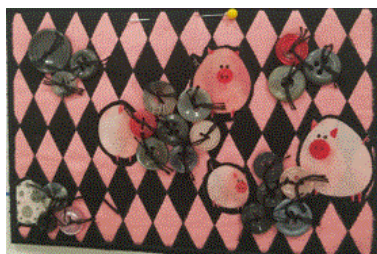

Since 1998, this heroic event is celebrated and remembered in Panguitch with an annual Quilt Walk Festival on the second week of June. Preceding each year's festival, colorful quilts are displayed throughout town. More recently, a memorial and small park were completed and dedicated to the 7-member rescue party who successfully made this trek.

The park contains an impressive memorial statue, plantings, seven benches dedicated to each member of the rescue team, as well as inscriptions on the life story of each person.

A 2021 Postcard Challenge

Issaquah School District
~ April 2022 ~

A huge, colorful quilt graces the hallway at Grand Ridge Elementary School, where students (and even some staff members) had the chance to create a piece of the collaborative art project. Inspired by traditional quilt patterns but made out of paper, the project was created by Grand Ridge's more than 600 students, and pieced together by volunteers.

"Of course, with all first-time project attempts, we learned some lessons along the way (should we ever do it again), but as we hung it at school and saw the kids' faces looking for their little part of a big, beautiful puzzle when they walked down the hall, I think the collaboration project worked really well!"

I THOUGHT THERE WAS A
SPIDER
ON THE FLOOR . . .

TURNS OUT IT WAS JUST A
WAD OF THREAD.

IT'S A DEAD WAD OF
THREAD NOW

A lawyer and a senior citizen are sitting next to each other on a long flight. The lawyer is thinking seniors are not so smart and that he could get one over on them easily. So, the lawyer asks if the senior would like to play a fun game. The senior is tired and just wants to take a nap, so he politely declines and tries to catch a few winks. The lawyer persists, saying that the game is a lot of fun...."I ask you a question, and if you don't know the answer, you pay me only \$5. Then you ask me one, and if I don't know the answer, I will pay you \$500," he says.

This catches the senior's attention and, to keep the lawyer quiet, he agrees to play the game. The lawyer asks the first question. "What's the distance from the Earth to the Moon?" The senior doesn't say a word, but reaches into his pocket, pulls out a five-dollar bill, and hands it to the lawyer.

Now, it's the senior's turn. He asks the lawyer, "What goes up a hill with three legs and comes down with four?"

The lawyer uses his laptop to search all references he can find on the Net. He sends e-mails to all the smart friends he knows, but to no avail. After an hour of searching, he finally gives up. He wakes the senior and hands him \$500. The senior pockets the \$500 and goes right back to sleep.

The lawyer is going nuts not knowing the answer. He wakes the senior up and asks, "Well, so what goes up a hill with three legs and comes down with four?"

The senior reaches into his pocket, hands the lawyer \$5, and goes back to sleep.

We are slowly moving toward the new normal activities in the Guild. Pybus Market is working well as a meeting place and has been reserved through 2023. We also have raffle tickets for the Quilt Festival quilt as well as a scholarship fund quilt raffle. The Fabric & More sale was success again for us this year so please be sure to read the committee report from Debbie & Kathy.

Coming in October, we have an Artisan Market scheduled. We need someone to embrace managing the Quilt Festival Raffle disbursement. Maybe get crews to sell from a Pybus Market table? Fabric was collected at the end of the Fabric & More sale to use for pillow cases for the coming Christmas season. Kits will be available with this fabric.

Think about what job in the Guild you would be willing to try for 2023. There are openings!

Have a good summer!

JUNE: The Stringed Star workshop that took place in June was a great success. We had 12 participants and 6 completed stars at the end of the workshop. Thank you Susan McWilliams for teaching this interesting workshop on a different way to use color when piecing.

Upcoming Workshops

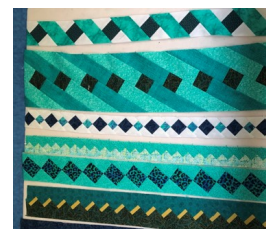

JULY: Seminole Piecing ~ July 29th 9-5 p.m.

Instructor: Darlene Johnson.

When I see Seminole pieced strips I see interesting borders for panels or quilts, others use quilts. The choice is yours.

Location: TBD

Cost: ??

AUGUST: Lemoyne Star ~ August 26th 9-5.

psssss—NO Y SEAMS! Instructor: Debby Phillips

This workshop requires the rapid fire Lemoyne Star ruler. It can be ordered through the Leavenworth Quilt Company. Needs to be ordered at least 2 weeks before the workshop.

Location: TBD

Cost: \$36

SEPTEMBER: 9-Patch Pizzazz ~ September 30th 9-5.

Instructor: Kathy Storrs

PLEASE arrive early in time to get setup, ready to sew, so we can start the class on time.

This is a quilt that showcases large print fabrics. And is a Methodology" class that will give you the tools to design your own "Pizzazz" quilts using those big splashy prints we all love but never know how to use. You can go with one of the layouts shown here or do your own using ideas from the 9-Patch Pizzazz Book. We highly recommend purchase of the book but it is optional. You can make a quilt in class, then decide if this is something you want to do more of.

Where: TBD

Cost: ??

Fabrics: Both examples require 1 to 1 1/2 yards of focus fabric (that BIG splashy print), as you will want to fussy-cut. You will need 1/2 to 3/4 yard of companion fabrics (1 or 2). Background for the pattern on the left is 3/4 yard. If you want to use one of the featured fabrics for a border you will need at least 1/2 yard more. If you have a big splashy print that you love but think don't have enough... bring it and we will get creative.....

QUILT STUDIO: The Eagles from 10:00 a.m. to Noon - - - 3rd Thursdays

The quilt studio is starting again. The first one will be how to make small design boards, taught by Diane Garlini. See supply list. You do not need to sign up ~ just show up if you are interested.

If you want to make or learn how to make a design board, come to our Quilt Studio for a fun project. We will have supplies on hand (Spray Adhesive, iron and ironing board, glue gun, and sewing machine to use).

Supply List: Foam board 10" x 10" (you can purchase a board that is 20" x 30", then cut up to make six boards) We'll have boards ready to purchase for \$0.50 each 10" x 10" of batting or fusible fleece, Spray Adhesive (if using batting), 1 strip of fabric 2-1/2" x 42", Glue gun, Sewing machine that sew zig zag & matching thread.

Ready to be donated

We have a steady flow of quilts coming into our collection and going out to various recipients. Your quilts are always appreciated and received with smiles. Recently, we gave several twin quilts to Ukrainian refugee families who have settled in our area. Another quilt went to a couple who lost most everything in a house fire in Cashmere. We continue to give quilts regularly to Central Washington Palliative Care and the Leavenworth Physical Rehab Center. If you know of a specific need, please let us know.

We made a deal with the Fabric and More sale to purchase several packages of batting and three boxes of backing fabrics. If you are working on a project for donation, don't hesitate to call for batting or backing. We have also put together quite a few kits ready for quilting using tops you have made. Comfort quilts can provide you with practice to refine your quilting skills!

Scholarship

This appliquéd beauty is the quilt being raffled within the guild to raise money for our scholarship. Tickets are \$5.00 each. You can get them at the guild meetings. Winner will be drawn at the November meeting. So far we have raised about \$375.00 toward our goal of \$1000.

The scholarship will be given to a student of the arts at Wenatchee Valley College.

The Fabric and More sale was a big success! The Buyers did not disappoint! This year the Board approved the use of the credit/debit card reader SQUARE which helped the sales a lot! Approximately one third of the sales went through SQUARE and deposited directly into the guild's checking account.

Thank you to one and all for the donations, the help with the sale which started on Thursday, June 9th with pick up of bins & boxes at the mini

storage to the morning of June 10th setting up and helping out either or both days of the sale & then tearing down and getting the left overs back to the storage unit. Thanks to several husbands and family members that helped out too! Thank you to the Eagles for the wonderful hospitality too! We were cleaned up and swept up and out of the facility by 4:30 on Saturday with the help of strong young men and women volunteer Missionaries from LDS Church YAY!!!!

Thank you also to the various social media entities and PSA's and word of mouth for all the free advertising of the sale!

Fabric n More is closed for the year ~ Debbie Deardorff & Kathy Keagle have everything re-sorted & stacked neatly back in storage for next year's sale!

Please be sure to send Debbie Deardorff your requests for cards of Encouragement, Get Well, Sympathy, and over all Thinking of YOU to be sent to our Guild Members.

This past month two “Thinking of You” cards were sent, but I know there must be many more people that need sunshine!

Upcoming guild programs:

July: History of Sun Bonnet Sue patterns. I am asking all members who currently have a quilt with Sue featured to bring them to the July meeting. Even if Sue isn't your bag, the different reiterations over the years is interesting and it will be fun to see who has what version. There are MANY different “Sues” around. Let me know if you have a quilt story you want to share so we can plan for time.

August: Barn Quilt Tour (video/slide) of barn quilts from Ellensburg and Cle Elem. We will try and have as many photos as possible from around the state.

September: Jill Therriault and Thea Gyde, will be presenting their latest quilt patterns, designs and projects. Get ready for some fun inspiration.

October: Artisan Market. This will be our Artisan Market for friends and family. We are opening the meeting to everyone (no business mtg) to do some shopping for handmade items just in time for the holidays. If you wish to sell at the market, let me know so we can plan space and arrangement of items. The earlier you schedule your table, the better we can advertise your wares. Please plan on participating,

Recap from “What I’ve learned” program:

I was asked to put together a list of the ideas/tools shared during the April meeting. If it says “quilting” on it, it is usually more expensive, so if we can use non-quilting tools for quilting, we can perhaps have more money for the real fun stuff. Hardware and automotive shops can be a quilters best friend-take tour sometime and come up with more clever ideas. So here are a few items that were brought up in April.

Tools/tricks

- Pool noodles. Great for rolling quilts up on. Wrap the rolled quilts in a sheet and store under the bed for a safe, clean storage place.
- Automotive magnetic holders. Small metal dishes with magnets to hold pins, bobbins, other small metal easily lost items. Available at automotive shops or Harbor Freight.
- Tiny tools. Small handled screw drivers or wrenches can be a lifesaver if you need to take your machine apart in an emergency. Stash them in your car for retreats. You just never know when you'll need them. Available at hardware or automotive stores.
- Magnet on a stick. This is a building site tool used to collect nails. A strong magnet on a 3 foot stick makes picking up dropped needles or pins a cinch. Available at hardware stores. Paint it a pretty color so it doesn't end up in the shop or garage.

Recap from “What I’ve learned” Program: *Continued*

- Head lamps for spot lighting. Battery powered strap-on lights are great for places where the lighting just isn’t strong enough. We found ours at Hooked on Toys in the fishing dept. Much less expensive boy-toy than in a quilt shop. We paid less than \$20.
- Plastic cutting boards for templates. Available at the dollar store. Easily cut with scissors. Not for use with a rotary cutter.
- Dish drying pad for pad under sewing machine. Makes sliding your machine around a bit easier and muffles sound. Also can use as a pin cushion in a pinch. Available at dollar stores.
- Press-N-Seal plastic wrap. Draw patterns or letters on plastic, sew through it and rip it off. Super cool, but don’t over stitch it. Be sure to use the lightest colored pen possible when drawing-the ink can show up on the thread.
- Freezer paper for use in designing or applique. Can be sewn through, but not reused.
- Stir-stick or skewer with pipe cleaner taped to the end to clean out machine. Great to have multiple ones on hand.
- Use a bamboo skewer to help hold small pieces in place while sewing. Cheap.
- Check your sandwiched batting, quilt top and backing for light transfer. You may want to underline or change the backing if you want an opaque quilt.
- Accuracy in measuring and cutting is imperative for accurate blocks and matching points. Take the time to measure properly.
- Mark an index card with the machine type, foot used and measurement of seam allowance so if you have to switch machines, you will be able to match the allowance accurately.
- Be consistent.
- Use appropriate tools i.e. machine feet. Invest in a walking foot, open toe embroidery foot, quarter inch foot.
- Keep a selection of needles (machine or hand) in different sizes/styles and know what’s for what.

Storage solutions:

- Multi-drawer cabinets (for nuts and bolts) for small items easily lost. Available at hardware stores (and lots of thrift shops-just make sure to wash carefully).
- Hanging shoe rack. One that hangs behind the door and is made of pockets can hold multiple small stashes of items in easy to see pockets.
- Weekly pill container makes a nice travel kit for retreats.

Sanity savers:

- If something isn’t working, put it away for a while. Perhaps a break (even months) will give you a different perspective
- Don’t be afraid of challenging the design (use different color ways or patterns) to make it your own
- Switch projects with a sewing partner to give new life to a project

*Ask questions-that’s one of the joys and benefits of belonging to a group of like-interested people.
Someone has had the same question before.*

.... Drum roll

Thank you for all the participants in our first entry in the Apple Blossom Grand Parade. We were a hit and everyone had a great time! Those who participated were: Linda Riesterer, Jill Therriault, Terry Murphy, Hans Nelson, (Terry’s grandson), Beth Hall, Liz Hemberry, Nancy Straub, Kari and Cassie Black. Thank you in particular to Linda for the use of her truck and being our fearless driver. We will be entering the parade again next year so plan on joining us. We’d love a whole flock of quilted jackets (and bubble guns)!

this lemonade pie!

Lemonade Pie

1 graham cracker pie shell

Filling

- 6 oz. can frozen lemonade, partially thawed
- One 8 oz. container frozen whipped topping
- One 14 oz. can sweetened condensed milk
- 2 Tbsp lemon zest

Mix filling ingredients together, by hand.
Pour into pie shell. Top with more lemon zest, if desired.
Freeze until set. Store in the freezer.

Half Pint Mason Jar
Pinch of Salt
1/4-1/2 tsp vanilla extract
(or more)
1 1/2 T white sugar
1C heavy cream

HERE'S HOW TO MAKE
Mason Jar Ice Cream

SHAKE FOR 5 MINUTES, THEN FREEZE FOR 3 HOURS.

Berry Parfait Cups

From Taste of Home

Ingredients:

- 1-8oz pkg softened cream cheese
- 1 large jar marshmallow cream
- 1/2 container of whipped topping (Cool Whip)
- 2 C mixed fresh berries (blueberries and raspberries)
- 2 full packets (6-8 oz) of graham crackers (finely crushed)

Beat cream cheese & marshmallow cream until blended; fold in whipped topping.
Sprinkle 2T crushed crackers in bottom then layer with cream cheese mixture, berries, and repeat layers. Cover & refrigerate until serving time.

Suggestion ~

\$\$ store plastic parfait cups
Saran Wrap or Press n Seal

Tip: I microwave the marshmallow cream for about 10 seconds to help soften!
